PRESBYTERIAN MISSIONARY IN CHINA IS SLAIN

And Yankee Mine Supt. in Nicaragua is Rebel's Prey

Shanghai, China, April 25.—(AP)—Dr. Walter F. Seymour, superintendent of the Presbyterian Board of Foreign Missions hospital at Tsinling, was shot to death by a Chinese soldier.

Dr. Seymour was slain when he was shot through the heart on April 16.

Because of interrupted communications in Shantung the news of the shooting only reached here today.

Whether the soldier was a North-
erner or a Nationalist was not known.
Tsinling is believed to have been captured by Nationalists on either April 16 or 17.

The message telling of the slaying came by courier to Tenghsien, and was sent from there by the Chinese Telegraph.

Others Thought Safe

Mrs. Seymour and other missionaries at Tsinling are believed to be safe. It is thought that they are unable to leave the region because it is overrun by Nationalist soldiers moving northward.

Dr. Seymour, a graduate of the University of Wisconsin and Northwestern Medical School, came to China in 1893. His daughter, a nurse, is in the United States at present.

The Presbyterian headquarters here was advised by other dispatches from Tsinan by way of Tsingtao that Presbyterians throughout Shantung either are evacuated or their evacuation is under way.

FOR BEST INTERESTS

Tokyo, April 25.—(AP)—A Peking Dispatch to the Japanese News Agency Rengo says that an American Methodist missionary is reported to have been executed by the Nationalists at Yenchowfu on a charge of hiding wounded Northern soldiers.

The dispatch says that the Southern forces have been capturing numerous towns in Shantung but have not harmed foreigners except at Yenchowfu where the American Missionary was reported executed.

Advices received in Shanghai today reported the shooting on April 16 at Tsinling in southeastern Shantung of Dr. Walter F. Seymour, Superintendent of the Presbyterian Board of Foreign Missions hospital.

Tsinling is about 15 miles from Yenchowfu and in the confusion of the war-ridden province of Shantung it is possible that the two cases may be the same.

WIFE FROM FREEPORT

New York, April 25.—(AP)—The Presbyterian Board of Foreign Missions received an official announcement of the shooting of Dr. Walter F. Seymour in Tsinling by cable from the Presbyterian China Council at Shanghai today.

"Soldier shot Dr. Seymour through the heart," the cable said. "All others in Tsinling saved. Will leave as soon as possible."

The board believed the only other missionary in that section, in addition to the Seymour party, to be Rev. Charles M. Eames of Jacksonville, Ill.

IN CHINA SINCE 1893

Dr. Seymour had been a medical missionary in the province of Shantung since 1893.

He married Miss Ada Gochenour of Freeport, Ill., a Methodist missionary, in 1894 and she was with him at Tsinling. A daughter, Ida M. Seymour, was engaged in mission work at the same place until ill health forced her to return to the states. She is living in Milwaukee. A son, Walter J. Seymour, is in Chicago.

Dr. Seymour was born on October 11, 1862, at Reedsburg, Wis. He was graduated from the University of Wisconsin in 1890 and three years later from the medical college of North.

CAMPAIGN TO PROVIDE BUDGET FOR DIXON GIRL SCOUTS WILL BE CONDUCTED IN COMING WEEK

With their campaign plans completed and their forces of solicitors ready for work, the Dixon Council for the Girl Scouts is awaiting the gun Monday morning to inaugurate its drive for \$1200, with which to carry on the work in this community during the coming year. The appeal is made to the public to give financial assistance to this work, which means so much to the younger girls of Dixon and vicinity. The amount required is not large and will be returned to the community in

BEST INTERESTS OF SCHOOL DISTRICT DEMAND ISSUE OF ADDITIONAL BONDS FOR BLDG.

New High School Can be Completed Under Contract

On October 1st, 1927 when the voters of school district No. 170 authorized the Board of Education to issue \$273,000 in bonds it was very evident that that amount was not sufficient to build an adequate building to care for the needs of this district, but under the law at the time that amount was the maximum for which the district could bond itself. It was the plan of the Board of Education to employ an architect to develop working drawings for a building that would accommodate not only the present enrollment of the two high schools but would take care of an increased enrollment which always accompanies a new building. With the \$273,000 it would be possible to get a building well started and then as funds become available additional wings were to be added to the building. It is apparent that such a building program would not be satisfactory but would be the only workable program under the circumstances.

Since the last election the state school law has been changed so that it is possible for a school district to bond itself by a vote of the people for 5% of the full assessed valuation instead of 5% of one-half the assessed valuation, which makes it possible for the Board of Education to issue additional bonds, subject, however, to a vote of the people. With this in mind the Board of Education is asking the people to authorize the issuance of an additional \$180,000 in bonds which will enable them to complete not only the academic portion but the gymnasium wing of the building as well.

Concerning tomorrow evening's meeting President Ray Kline of the Chamber of Commerce today issued the following appeal to all the people of Dixon:

"Your Chamber of Commerce—not the other fellow's—is having a big To-gether Rally at the Masonic Temple at 6:30 o'clock tomorrow evening. Senator Harold Kessinger of Aurora, one of Illinois' most able speakers and a man with a message especially adapted to Dixon will be the main speaker.

"Chamber of Commerce activities will be freely discussed. You will be given the opportunity to see just what is being accomplished and what Dixon hopes to accomplish this year. This is the type of meeting you have asked the C. of C. to put over—not once a year but every three or four months.

"Your interest in the Dixon Chamber of Commerce will be evidenced by your presence. If you have not purchased tickets we advise calling the C. C. office, Phone 26, at once, as all reservations must be made not later than 9 o'clock Thursday morning."

tures heard in Richmond for many years.

Chicago Daily News: "One of the floor leaders of the Senate. Quick on his feet, brief and direct; not bombastic or flowery. He has the ability to hit, hit hard and knows when he has said enough."

New York Times: "Every lover of the sun-kissed prairies must hail the first number of 'Kessinger's Mid-West Review.' This is no timid venture creeping into print. It dubs itself, 'A Militant Mid-West Magazine.' It has made up its mind to end the public calamity of having the information, editorials, fiction and entertainment of the nation permeated with the New York flavor." To this and the Mid-West Review makes its appeal for readers. But it explains that it does not want the ordinary, casual kind. "We want crusaders, dreamers, doers!" It will need them, and he said.

Lincoln, Nebraska, State Journal: "Senator Kessinger and his Mid-West Review are a symptom and a portent. The Middle West is learning to think and act for itself."

Danville Commercial-News: "The Editor is master of the epigram. He builds terse sentences that carry heavy-weight punches."

Peoria Journal: "The need of a magazine to boost the Middle West is great, and Senator Kessinger has produced the magazine which is a credit to every Mid-American."

Stratford Free Press: "The magazine is an interesting one, full of pithy, poignant articles and is certain to attract readers. It fills a need."

Indianapolis News: "Harold Kessinger continues to hammer away on the necessity for concerted action throughout the Mississippi Valley."

Muscatine, Iowa, Journal: "A champion for the Middle West has arisen. The magazine is beautifully made up and snappily edited. Epigrammatic editorials, political articles which do not grind axes and plenty of illustrations make up the contents. Kessinger's Mid-West Review" is making a fine impression all over the country."

Legislator and Editor to Speak at Dixon Banquet

ACTIVE CAMPAIGN AGAINST BOVINE T.B. NOW URGED

Supervisors Asked to Cooperate in Making County Free

A plea for an active and aggressive campaign against bovine tuberculosis in Lee county was made yesterday afternoon at the closing session of the board of supervisors, when several speakers appeared urging the cooperation of the body to bring about the early eradication of the disease in this county. The bovine tuberculosis committee of the Lee County Farm Bureau, headed by County Advisor C. E. Yale of Amherst and members Leon Hart of Palmyra and Lee Fiszel of Nelson, was present when the matter was presented. J. W. Larabee of Paw Paw, the third member of the committee was unable to be present, being confined in a sanitarium at Buffalo, N. Y.

County Advisor Yale was the first to address the board and informed that body that the Borden Company of this city and the Amboy Condensary at Amboy had given assurance of their co-operation in Lee County to eradicate bovine tuberculosis. He likewise assured the supervisors of the hearty co-operation of the Lee County Farm Bureau in the support of such a campaign and strongly urged its early beginning.

Was Fearless and True

"But once he had his chance," Byrd writes in his recently published book "Skyward." "He showed he was a good pilot and one of the finest practical men in the Navy for handling an airplane's temperamental mechanisms.

Delays Prove Costly

The County Advisor informed the board members that many complaints had been found with the present system of testing because of delays and the amount of time required in bringing the county to that point where it would be classified as an accredited county, of which there are but seven in the state at the present time. He stressed the probability of a ban being placed upon the milk products from Lee County a large quantity of which is shipped to the Chicago markets where in recent months a ban has been placed on products from numerous vicinities where the herds are not clean.

"And above that he was a real man, fearless and true—one in a million."

To think of Byrd was to think of Bennett, and vice versa, and therefore much of the material that throws light on the sort of person Bennett really was must of necessity come from Byrd.

The two were inseparable.

Together Bennett and Byrd endured the hardships of Greenland and together a year later, they flew over the North Pole.

Before Any Other Man

"Bennett," said Byrd after that flight, "is a man of the greatest energy, endurance and skill, both as a navigator and as a mechanic. I would not like to be in the Arctic without him and I would take him before any other man in the world."

As soon as the Pole had been crossed, Byrd told Bennett that an aerial crossing of the Atlantic was his next aim and Bennett asked to be taken along.

"While a campaign against the eradication of tuberculosis in Illinois has been carried on without success, Wisconsin has established a market which is nationally recognized for the sale of their cattle as well as their dairy products."

Seek Co-operation

Mr. Cole pointed out that such a program in Lee county would not only assure pure milk but that cattle breeders would also profit by the sale of tuberculin-free cattle. He urged the board of supervisors to take action as soon as possible to bring about a program which would make at least 75 per cent of the dairy herds of the county tuberculin free, and by so doing place the county upon the state accredited list. He explained that enemies of the tuberculin test, posing as friends of the farmer and dairymen, had circulated throughout the county collecting funds and creating prejudice against the program.

"While a campaign against the eradication of tuberculosis in Illinois has been carried on without success, Wisconsin has established a market which is nationally recognized for the sale of their cattle as well as their dairy products."

Gave Fire Warning

"We heard a strained voice," says Byrd, crying "Look out for fire!"

It was Bennett, the man in a million; Bennett, fearless and true.

Byrd, himself with a broken arm made his way to his comrade and did what he could for him until help should arrive.

"Guess I'm done for," Commander Bennett told him and Byrd, though replying, "Nonsense old man" thought he was right.

For a week it seemed that Bennett would die, but he pulled through.

He was on a lecture tour when the chance came to go as Chief Pilot of New York City's official relief plane to aid the trans-Atlantic Bremen. He had a severe cold but nothing could stand in the way of his intention to carry aid to the men who had crossed the ocean he himself had once hoped to fly.

Answered Call

On April 18 he and Balchen, who also left a sick bed to go with the relief party, flew to Detroit in one of

Commander Byrd's South Pole planes. They were put to bed in the Ford hospital but would not stay there. On the 20th they took off in a Ford plane for Murray Bay and made the 800 miles in about nine hours. But Bennett's cold developed into pneumonia and after waiting a day Balchen pushed on without him. Bennett was taken by plane to Quebec on Sunday, April 22 and his wife, herself

Suffering from severe attack of tonsilitis, went there to be with him. Commander Byrd cancelled all his engagements and joined the Bennets at the hospital.

WANTED CADETS AT GAME

Washington, April 25.—(AP)—A request that the student body of the United States Military Academy be carried to Urbana, Ill., in 1929 to attend the first football game between the University of Illinois and the West Pointers was made today of Secretary Davis, by Representative Rathbone, Republican, Illinois.

R. Hough of Mt. Morris transacted business here Tuesday.

New Service Station

Open for Business

The Grow service station at the corner of Galena and River street was opened to the public today.

A. F. Wagner of Freeport and his son-in-law, Dudley S. Graw of this city, have expended approximately \$35,000 in providing this fine station and nothing has been omitted in the installation of modern conveniences for the touring as well as Dixon public.

Fine rest rooms have been installed convenient to the drives. A tire repair and accessory department is in charge of Oscar Snyder, an expert, and filling station attendants are John Weitzel and Warren Swartz. The store room, entered from Galena Avenue, is occupied by the Chicago Motor Club. Texaco products, motor fuel oils and greases are used exclusively in the service department and the new station ranks as one of the most complete in northern Illinois and is a credit to the city as well as to its builders.

Calendar of Coming Events

MENU for the FAMILY

BY SISTER MARY

BREAKFAST—Stewed figs with lemon, cereal, cream, crisp bacon, soft-cooked eggs, whole wheat and date muffins, milk, coffee.

LUNCHEON—Clear bouillon, jellied shrimp salad, rye bread, butter sandwiches, strawberry fluff, milk, tea.

DINNER—Ham baked in milk, twice baked sweet potatoes, new turnips in cream, cottage cheese, spring onions, rhubarb meringue pie, milk, coffee.

Jellied shrimp salad is a very pretty dish and worthy of a place in a company menu as well as the family one.

Jellied Shrimp Salad

Two cups canned tomatoes, $\frac{1}{2}$ cup water, $\frac{1}{2}$ teaspoon salt, $\frac{1}{2}$ teaspoon pepper, 4 whole cloves, 1 bay leaf, 1 tablespoon sugar, 1 small onion, 1 tablespoon granulated gelatine, 1 cup cleaned and diced shrimps, $\frac{1}{2}$ cup diced celery, 1 green pepper.

Combine tomatoes, water, salt, pepper, cloves, bay leaf, sugar and onion peeled and minced. Put over the fire and simmer, closely covered for 20 minutes. Strain. Soften gelatine in 1 tablespoon cold water for five minutes. Re-heat tomato juice to boiling point and pour over softened gelatin. Let stand until cool and beginning to set. Add shrimps, celery and pepper. Parboil pepper for five minutes, plunge into cold water and rub off thin outer skin. Remove seeds and white pith and cut flesh into shreds. Turn mixture into individual molds or one large mold. Let stand on ice until firm. Serve on a bed of lettuce with mayonnaise or a cooked dressing.

Bridge-Dinner Was Delightful Affair

Last evening at the Hotel Dixon Misses Esther Barton and Marion Cahill were hostesses at a very delightful bridge-dinner, entertaining forty guests. Green and yellow were the colors for the charming decorations, indicative of the joyous spring season, and spring flowers, with calendulas, and ferns predominating, and colored tapers, completed the artistic effect.

Mrs. Mollie Riordan was awarded the favor for high score at bridge; Mrs. Wm. Kirby winning the second favor; and Mrs. George Bort the cut favor.

Miss Mabel Gustafson, Miss Elsa Larson, and Mrs. Threlkeld of DeKalb, Mrs. Edward Etnyre of Ogleton; Mrs. David Welty and Mrs. William Kirby of Ambey were out of town guests in attendance.

Birthday Occasion For Dinner Sunday

Mr. and Mrs. Everett Bolivar of South Dixon entertained at a birthday dinner on Sunday in honor of their three year old son, Donald Eugene. At noon a bountiful two course dinner was served. The birthday cake was decorated in pink and white. The guests were as follows: Mr. and Mrs. John F. Huyett and family of Dixon; Mr. and Mrs. Bernard Shoemaker and family of Rock Falls. The afternoon was enjoyed by all. After wishing Donald many such happy birthdays they all departed for home at dusk. He also received many pretty remembrances.

The annual Christian Endeavor convention of the North West District of Illinois was held at Moline Saturday and Sunday, in the Congregational church, one of the largest and most beautiful Congregational churches in the state. Between one hundred and seventy-five and two hundred were in attendance, eight being present from Dixon.

A program as outlined in the paper last week was carried out and every session was full of interest and enthusiasm. One of the interesting features was the fellowship banquet held in the church at 6 o'clock Saturday.

A number of resolutions were presented the most important being:

"Resolved that the C. E. Societies of the state support the eighteenth amendment in every way possible."

Motions were made for the State Convention to be held at Danville June 25th to 28th and each society urged to send representatives.

The following officers were elected for the coming year: Pres.—Miss Martha Stanley, Dixon; 1st Vice Pres.—Miss Etta Marthel, Sterling; 2nd Vice Pres.—Russell Nickerson.

The Wesleyan Missionary Society of the M. E. church will meet Tuesday evening, May 1st at home of Mr. and Mrs. Henry Bills, 620 Crawford Ave.

Spent week-end in Rockford—Miss Hazel Van Bibber spent the week end in Rockford with her friend, Miss Mildred Sweeney.

DIXON SYMPHONY ORCHESTRA PROGRAM; ALSO CANTATA FRIDAY EVE

The Dixon Symphony Orchestra gives its annual program Friday evening at the M. E. church, in conjunction with a short cantata, "Hiawatha" by the seventh and eighth grades of the Franklin Grove school under the direction of Mrs. C. C. Forick. Each year the concert by the Symphony orchestra is anticipated with much delight and the attendance should be larger than ever, for the cantata is said to be tuneful and charming, most of the participants being in costume. The entertainment should be well patronized.

AUXILIARY TO ST. LUKE'S CHURCH TO MEET

The Women's Auxiliary to St. Luke's church will meet at 2:30 Friday afternoon in the Guild rooms at the church.

All Women Interested In Miss Edna Ferguson

Miss Edna M. Ferguson who will conduct the Evening Telegraph's second annual Cooking School, May 8 to 11, inclusive, in Downing's Hall, is a graduate of the McDonald Institute at Guelph, Ontario and took a Post-graduate course in Domestic Science at Columbia University, New York. Another school attended by Miss Ferguson was the Iridor School of Cooking in New York. She has had special studies in candy making and pastries.

Atkinson; Sec.—Miss Nervane Polley, Moline; Treas.—Harry Carlson, Keewane; Missionary Supt.—Miss Faye Knight, Moline; Intermediate Supt., Miss Evelyn Davis, Rock Island; Junior Supt.—Miss Rose Par, Keewane; Extension Secretary—Miss Lola Stinemeyer of Rock Falls; Pastoral Adviser—Rev. Harry Schiffler, Morrison.

An invitation was extended by both Morrison and Sterling for the meeting next spring.

The Dixon delegates reported a wonderful time and new zeal for carrying on the work for the coming year.

Camp last year will go to camp from June 20th to June 30th.

Girls thirteen years of age, inclusive, to Junior year in High School, will go to Camp from July 2nd to July 12th.

It is urged that girls begin saving their money for Camp. The Camp rate for "Y" members is \$9.00 for the period and \$9.50 for non-members of the "Y".

Time goes by quickly so begin at once and prepare for a happy ten days in the Dixon "Y" Girl's Camp.

U. S. NOW HEALTHIEST COUNTRY FOR BABIES

Washington—(AP)—A two-thirds reduction in the infant mortality rate of this country is the chief accomplishment of public child welfare work, which this year celebrates its twentieth anniversary.

Dr. Josephine Baker, of New York Public Health service and the Child Hygiene association, after a conference with representatives of the children's bureau here, announced that while the maternal mortality rate had remained static during the years, the infant death rate had declined until the United States has become the healthiest country in the world for babies and children.

The New York association was the first public health service organized with preventive measures as its main function. It came into existence in 1908.

This association was not only the first public health service to deal with child welfare, but it was also the first one that considered seriously the theory of keeping well people well rather than waiting until healthy people were sick and then trying to make them well." Dr. Baker said.

"Now it is quite a common practice for every public health service to expend its energy in educational practices to make the public realize the need of keeping healthy."

"The decrease in the infant mortality rate shows the efficacy of the world-wide movement. Every health center in the country now, every baby and prenatal clinic, the children's bureaus, the state departments of health and various municipal organizations are all flooded with requests by women from every part of the country, from every walk in life for information about child care."

There was a very good attendance. The business of the Corps was transacted and announcements were made of the various committees. Memorial Sunday will be observed by the Woman's Relief Corps and the Grand Army of the Republic next Sunday. There will be a joint service at the Grand Army hall, at 2:30, Rev. Marshall of the Baptist church will give the address. Later in the afternoon flowers will be strewn on the river in honor of the sailors who have lost their lives.

General Grant's birthday was observed and a very good program was given. Mrs. Nina McGinnis gave a biography of the Life of Grant, and Mrs. Martha Shippert gave two interesting readings.

Large dinner parties for State and Social gatherings and clubs and soiree functions have been under her supervision and in all instances Miss Ferguson has received the highest commendation for her work.

Mrs. Stanley President Northwest Dist. Illinois Christian Endeavor

The annual Christian Endeavor convention of the North West District of Illinois was held at Moline Saturday and Sunday, in the Congregational church, one of the largest and most beautiful Congregational churches in the state. Between one hundred and seventy-five and two hundred were in attendance, eight being present from Dixon.

A program as outlined in the paper last week was carried out and every session was full of interest and enthusiasm. One of the interesting features was the fellowship banquet held in the church at 6 o'clock Saturday.

A number of resolutions were presented the most important being:

"Resolved that the C. E. Societies of the state support the eighteenth amendment in every way possible."

Motions were made for the State Convention to be held at Danville June 25th to 28th and each society urged to send representatives.

The following officers were elected for the coming year: Pres.—Miss Martha Stanley, Dixon; 1st Vice Pres.—Miss Etta Marthel, Sterling; 2nd Vice Pres.—Russell Nickerson.

IS HEROISM SO RARE?

This seems to be an age of heroes.

The airplane has provided a new outlet for the spirits of the adventurous. Not in years there been so many demonstrations of the glory that can be won by a man who is contemptuous of death. Snug and well-padded, we are making a cult at bravery, and we reward daring as we reward no other virtue.

Yet, after all, not all bravery is spectacular. There are countless thousands of heroes who never will see their names in the paper; whole armies of men who fight overwhelming odds all their lives, and fall, at the end, without ever hearing a wave of applause. And the record they leave is just as inspiring as any tale of a lone flight across a storm-swept ocean.

You meet these men every day of your life.

There is, for instance, the stoop-shouldered, rather meek-looking man who lives in the flat over the store somewhere. He is a bookkeeper, and has been one for 18 years. His income is never quite big enough to meet the needs of himself, his wife and their three children. It has been a hard struggle. He has had to see his early dreams fade and vanish while he plugged away at the task of bringing up a family. He has had to live with the knowledge that he is a failure; has had to realize that, after all, he doesn't amount to much; but through it all he never has complained or grown bitter. He walks to and from his work, and lunches on milk and crackers, so that the children can have presentable clothes; now and then he goes without lunch for a few days so that he can buy his wife a cheap box of candy.

That man is a hero. His Odyssey is uneventful and drab, but it is as fine as Lindbergh's. Incompetent and lacking in force, he is nevertheless a living proof of the divinity that dwells in human clay. Born to defeat, he has never given up the fight.

He was chosen at random. There are myriads like him—men who plod along, day after day, always pinched for money, always compelled to make petty sacrifice, always bound by the chains of penury and disappointment, but always fighting. Some day, when we have finished building statues to our aviators, we might build one for these men. They deserve it. In their own way, they have demonstrated the nobility of humanity.

GIRL SCOUTS.

PROMISE

On My Honor, I Will Try:
To do my duty to God and my Country;
To help other people at all times.

To obey the Scout Laws.

LAWS.

1. A Girl Scout's Honor is to be trusted.
2. A Girl Scout is Loyal.
3. A Girl Scout's Duty is to be Useful and to Help others.
4. A Girl Scout is a Friend to all, and a Sister to every other Girl Scout.
5. A Girl Scout is Courteous.
6. A Girl Scout is a Friend to Animals.
7. A Girl Scout Obeys Orders.
8. A Girl Scout is Cheerful.
9. A Girl Scout is Thrifty.
10. A Girl Scout is Clean in Thought, Word and Deed.

Next week the Dixon Council of the Girl Scouts will ask the people of this city to subscribe to a fund which is intended to finance the work of the Girl Scouts of this community during the present year.

Can you think of any better investment than one which will promulgate the tenants set forth above?

The girlhood of Dixon is the womanhood of the future and we submit to you that upon the womanhood of the future rests a great proportion of the responsibility of what that future will be.

Next week when you are asked to donate to the Girl Scout fund do it with the pleasure that it ought to give you and with the satisfaction that it will bring you, because your investment will be in something that means more happiness, a better community and a greater measure of well-being for all of us.

President Coolidge, praising Andrew Jackson when a statue of Old Hickory was accepted in Washington, called him a pioneer, patriot, general and statesman "who left the treasury with a surplus." And here we'd been thinking all this time that Andrew Jackson was a Democrat.

Man is a strange creature. He breaks his back these days trying to make grass grow in his yard so that he can break his back all summer keeping it trimmed.

France has unveiled a statue to Marie Harel, who concocted the cheese known as Camembert. You never can tell—some day America may do something fine like that for the movie subtitle writers.

Illinois must be full of cows and horses. Every time Frank O. Lowden has his picture taken, one of the darn critters pokes its nose into it somewhere.

The Times finished with their meal, and Copy said, "How good I feel! Let's run around and exercise. It's just the thing we need. 'Twill help digest the food we've had and keep us all from feeling bad. I'll race with any body, and I'll show a lot of speed."

"Why, it's the stone man," Clowny said. And then he rushed up to his side, and pulled him by the hand until the stone man took a step. "Well, after all these years of strife," the stone man said, "I've come to life. I thank you lots for starting me. I feel real full of pep."

They joined the other Tinymites. The stone man said, "We'll see some sights. Where would you Times like to go?" All you need do is say, "Tell you what I'll gladly do. Hop on my arms! I'll carry you. We'll travel o'er the hillside." And they started on their way.

man. He is certain to find out for himself.

Any person or animal who kicks over the traces of restraint, whether of convention or harness, is wild. Yes, I admit that conventions are restraining, but they help to restrain anyone from jumping to wrong conclusions about you just as much as they restrain you from pleasure. You may cast them aside if you wish, but you can see what happens. Florence didn't enjoy her afternoon in spite of having turned her back on conventions. The new freedom went sour, didn't it?

I don't see why you didn't leave when things turned out unpleasantly. Sometimes I'm afraid you are letting down your standards a little, Marve. I know it takes a lot to disturb the self-sure miss of today but you must remember that one gets into bad habits by easy stages. Illusions and ideals are not preserved by constant association with their enemies.

Some day I know you will see that

To me, of course, there would be nothing surprising in anything a man might say to a girl he had "picked up," as the expression goes. Introductions are necessary—not because they break the ice between strangers but as a safe-guard against the sort of thing that happened with your Senor Alvarado's friend.

You see, Marve, there are two kinds of people. No matter how you try to level the two groups there remain those whom other people respect and those whom they do not. And there are men who do not respect girl they can meet unconventionally.

The introduction is simply the shield of the girl who wants to be respected. Perhaps Senor Alvarado is a man of keener perceptions than is his friend. Or he may be more experienced. I won't say that a man of the world would fail to realize that you and Florence are just two high-flying little smart-alecks. You may trust such men to take better care of you than you know how to take care of yourselves but you can't eliminate the less discriminating.

The Ladies Aid met Thursday with Mrs. J. W. Pope. A fine time was had and all enjoyed the scramble dinner. Mrs. Frank Butterbaugh was elected to the office of president of the Aid which was made vacant by the recent death of Mrs. S. C. Brantner. Mrs. Margaret Yohn was chosen as vice-president. The next meeting will be at the home of Mrs. Walter Paul.

HALDANE

Haldane—The Lincoln Township Circle was entertained Friday evening at the spacious country home of Mr. and Mrs. George Hammer. About 90 were present and to say that we had a fine time would be entirely too mild. Those who had charge of the evening's entertainment were Mrs. Charles Good, Mrs. Mae Morris and Mrs. Hazel Krum. The following program was given: Welcome song, "We're Mighty Glad You Come"; Norma and Blanche Hammer. Piano solos by Bernice Fry, Ada Stover, Belva Hammer and Irma Rowland. Reading "Darby and Joan"; Hazel Reiff. Exercise, "Our Dads"; Ruth Good, Ariene Binkley, Ruth Krum and Wilma Reiff. Piano duet Ada Stover and Irma Rowland. Reading, "Leap Year Bargains"; Laverne Binkley. An orchestra composed of harmonica, violin and piano played by Mrs. Lee Fry, Joe Howland and daughter Irma rendered several old-time selections. Rev. S. S. Plum gave an instructive talk on house cleanings and Joe Howland a violin solo. Playing 42 and visiting made the time pass quickly. Flossie Norris and Dorothy Krum passed the paper napkins which upon opening were found to contain candy chickens and other favors in keeping with the Easter season. A delicious scramble supper was then enjoyed. The next party will be Friday evening, May 4 at the home of Mr. and Mrs. Ben Beard and the following committee was appointed: Mrs. Ray Stouffer, Mrs. Conrad Stengel and Mrs. Robert Blough. After thanking the Hammer family for their hospitality all returned to their respective homes.

There was no school in the Haldane district last Tuesday as the teacher, Miss Mary Zeigler accompanied her eighth grade pupil, Olive Twigg, to Forrester where she successfully passed the examination.

Mr. and Mrs. Floyd Binkley and daughters, Mr. and Mrs. Charles Good, Mrs. Ethel Stover and son Ambrose, and daughter Ada and Ruth Good motored to the home of Mr. and Mrs. Ben Beard near Forrester Thursday morning.

Mrs. Howard Hedrick of Rockford came Sunday to visit her brothers, C. A. and B. F. Miller and sister, Mrs. Frank Forney and other relatives in this vicinity.

Mrs. Linus Magne and daughter, Marie of Maryland were Friday callers at the home of Mrs. Emma Magne.

Mrs. Ethel Stover, son Ambrose and daughter Ada and William Arbrose were Sunday company of their aunts Mrs. Jennie Elliott and Mrs. Mollie Fahrney at Oregon.

William Fairbanks of Forrester was calling on friends here Thursday.

Mr. and Mrs. Roy Baker and children were callers in Freeport Sunday evening.

Mrs. Guy Doyle and children spent Tuesday with her parents, Mr. and Mrs. George Long in the country.

Mr. and Mrs. Paul Fegan, Mr. and Mrs. Leslie Leng and daughters, Lucile and Ethel were Sunday dinner guests of Mr. and Mrs. O. C. A. Long.

Mr. and Mrs. Alex Hedrick were Sunday guests of their daughters at 1711 West State St., Rockford.

Fred Nicodemus of Forrester visited Friday afternoon with his sister, Mrs. Mary Diehl.

Mrs. Earl Bush and daughter Betty and Mrs. W. T. Conrad visited the latter's mother, Grandma Meinzer in the Dale Rae home Friday afternoon.

Grandma who celebrated her 80th birthday on February 14, is very feeble the past several months.

Miss Ada Stover visited the Polo High school last Tuesday.

Miss Ruth Good spent Sunday in Rockford with her mother, Mrs. Marjorie Bowman.

Mr. and Mrs. Hunter Ruble and daughter Mae, were Sunday guests of the Fred Duncan family east of Maryland.

ILLINOIS QUIZZES

(By the A.P.)

1. How many state normal schools are there in Illinois?
2. Who was the first United States senator from Illinois?
3. How many congressional districts are there in Illinois?
4. Who was the first woman Illinois elected to congress?
5. What school established the first railway engineering department in America?

ANSWERS

1. There are five, located at Normal, Carbondale, Charleston, Decatur and Macomb.
 2. Ninian Edwards, a Democrat, elected in 1818.
 3. Twenty-five.
 4. Winnifred Mason Huck, elected in 1922, to succeed her father.
 5. University of Illinois in 1906.
- (By Illinois C. of C.)
- Q—How many airplanes are there in the United States and what state has the greatest number?
- P. K. W., Cairo, Ill.
- A—Out of a total of 2,715 airplanes licensed, identified or given numbers by the Aeronautics Branch, Department of Commerce, 456 are in California, 263 in New York and 215 in Illinois. These three states lead in numbers of listed planes. However, this is not the whole story. Growth in airplane development has been so fast that many planes have not been inspected. A recent report of the aeronautics branch revealed that applications for license had been filed for 4,555 planes in the United States.

in a frantic endeavor to get back their good looks, and to regain some of that pep and vitality which was theirs when younger.

This interest in athletics is going to be of immeasurable benefit within the next few days to come, and we probably will have to thank the gland therapist for calling our attention to the need for rejuvenation.

QUESTIONS AND ANSWERS

QUESTION: R. H. writes: "I read your article recommending fasting for absorbing a clot of blood from the brain. I know a person who had a stroke from a clot of blood on the brain thirteen years ago that paralyzed her right side somewhat. She hasn't spoken a word since. She moves her lips and mumbles, but cannot form words. Do you think fasting would cure a case of such long standing?" She is about 45, weighs 150, and is the picture of health."

ANSWER: I am sure your friend would be helped by fasting, but it would take a fast of two or three weeks to accomplish good results. The best plan would be to have her go to some doctor in the city who understands the fasting cure, who would encourage her and watch her case during the fast.

QUESTION: Mrs. G. K. writes: "Generally speaking, what are the starches?"

ANSWERS: The grains, and those vegetables classed as tubers and which grow under the ground.

QUESTION: O. M. M. asks: "Will you kindly state some of the symptoms of a cancer of the stomach? Is there any pain or bloating?"

ANSWER: Sometimes there is a certain amount of pain and some bloating, but in most cases the nerves of sensation seem to be cut off by the growth, and the rule is that very little pain is felt. There is usually considerable bloating, especially through the intestines. You may be needlessly worrying over the symptoms of gastritis or stomach ulcer. Do not guess about it, and do not try to diagnose your own case.

QUESTION: Mary S. asks: "Is it better to sleep on the right side than the left, and why?"

ANSWER: Most people naturally sleep on the right side, which keeps them from crowding the heart. Starting to sleep on the left side they usually unconsciously turn on the back or right side during the night. The best position for sleeping is to lie partly on the right side with the knees drawn slightly up, the face and shoulder fitted snugly into the pillow, and the right arm brought straight down and back of the body. In this position the circulation of blood is less interfered with than in any of the other positions.

QUESTION: Health Seeker writes: "I do not eat breakfast. About 11:30 or noon I eat raw carrots, apples or oranges or any other fruit such as prunes, etc. At 5:30 or 6:00 P. M. I take lettuce, celery, baked potato or cabbage, spaghetti or macaroni, fish or egg. Sometimes a little pastry, or preserved fruit. I drink cocoa or milk and eat brown bread. I do not ever take up golf and horseback riding. Do you think this is a

well balanced diet? If not, will you kindly help me to improve it?"

ANSWER: The menus which are published each Saturday in this column would be an improvement over the ones you are using. You do not state your object in omitting meat from your diet. Fish and eggs are excellent proteins but do not contain the amino acids which are necessary to the body's growth. Try following the well balanced menus from the Saturday articles and after two or

three weeks write me again, giving your name and address, and tell me about the difficulties, if any, you are having.

PRESIDENTIAL PORTRAITS

The Story of Chas. G. Dawes

Editor's Note: This, the 15th in a series of Presidential Campaign Portraits written for The Telegraph and NEA Service by Robert Tally, is the last of four articles on the career of Vice President Charles G. Dawes. Tomorrow will begin the story of Frank O. Lowden.

BY ROBERT TALLY

NEA Service Writer

Washington, April 25 — So far as history records, the only man who ever bawled out the U. S. Senate to its face is Vice President Charles G. Dawes.

Dawes did it on Inauguration Day, March 4, 1925, when he and President Coolidge rode in together on the crest of the Republican landslide. The outburst was as unexpected as a cloud-burst out of a clear sky in the middle of the Saharan desert.

The senators and congressmen were there in their long-tailed coats. The justices of the supreme court were there in their flowing black robes. The foreign diplomats were there in brilliant full-dress uniforms, heavy with gold lace and braid. The cabinet members were there, the chiefs of the army, navy and marine corps were there and so was President Coolidge, who had just taken his own oath outside.

Everybody was waiting to hear the formal speech of acceptance by a new vice president soon to be submerged in the four years of obscurity for which this office had been famous.

Dawes began. Quickly he turned to scathing condemnation of the Senate rules. Eyes widened as Dawes gained speed, practically calling the senators a bunch of old fossils for operating under antiquated procedure. Senator Jim Reed, Missouri, snickered and then doubled up in convulsions of silent laughter. Dawes became hotter and hotter, louder and louder.

HURRY AND WAIT

Your favorite traffic cop will tell you there is plenty of difference between stop and go, but in letter golf there isn't much difference between RUSH and WAIT. Just five hurried jumps. One solution is on page 9.

R	U	S	H
W	A	I	T

THE RULES

1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN.

2—You can change only one letter at a time.

3—You must have a complete word of common usage, for each pump slang words and abbreviations don't count.

4—The order of letters cannot be changed.

One solution is printed on page 9.

NOW MUCH WONDER MISS LIBERTY WAS LOSING HER CHARM AND WAS LOOKING DIRTY AND DISCOURAGED — SHE HASN'T HAD A BATH IN FORTY TWO YEARS.

IT'S A SUPER JOB FOR SUPER SOAPS.

AFTER SHE'S WASHED WITH BEADS OF SOAP IT MAY SURPRISE SOME PEOPLE TO FIND THAT SHE'S REALLY A VERY ATTRACTIVE GIRL

Gallons upon gallons of water—beads of soap by the ton! Just a couple of items in the plans now being considered by the War Department in response to a suggestion that Liberty Statue be cleaned. As the lady's nose is 9 feet long, her finger nails 13 by 10 inches and her height 111 feet, 6 inches, her "bath" will probably be the most colossal ever attempted.

By one stroke Dawes strengthened himself with the agricultural west and the banking east when he succeeded in inducing senators to pass the McNary-Haugen farm relief bill and the McFadden banking bill. President Coolidge later killed the McNary-Haugen bill with a veto, but that did not detract from Dawes' efforts to achieve its passage.

The conference at which this was arranged was held in Dawes' office.

"I have asked you to come here," said Dawes, "see if you cannot bring these two measures to a vote. I am not asking—

A senator arose and obviously started a long-winded speech.

"Sit down!" barked Dawes. "There may not be cloture in the Senate, but there is in my office."

And proceed they did.

Vice President Dawes is wealthy, a heavy investor in public utilities and the Pure Oil Company. For this he excused himself from participation in arrangements for a public utility investigation sought by Senator Walsh.

Montana.

Beneath the fire and brimstone exterior of Dawes lies a home-loving man whose books, paintings and music are his delight. He shuns as many dinner invitations as his office will permit in order to spend his evenings with his wife and their two adopted daughters—Dana, 15, and Virginia, 13. Their own daughter, Carolyn, is now the wife of a former classmate of Dawes' son, who was drowned in 1912.

The memory of Rufus Fearing Dawes still lives with his father. All

and night at the time it was built.

ATHLETIC BOARD ACTS TO ASSIST AMATEUR BOXERS

New Department Formed to Protect Boys in Ring Careers

The Illinois State Athletic Commission today issued the following announcement of the inauguration of a new department to help amateur boxers:

The State Athletic Commission has inaugurated a new department for the purpose of placing boxing on the highest plane possible within the State of Illinois.

The Commission has established this department for the sole purpose of rendering service to amateur boxers as well as beginners in the professional ranks, whom we find are very often in need of advice and assistance. Through this department the Commission can render a great service to the boys. It is the object of this department to give each and every case personal attention and to impress upon the boys the importance of clean living, correct training, proper environment and the dangers resulting from overmatching, as well as many other things that will be helpful to the young boxer.

We wish to convey the idea to the young boxers that they will always be welcome at this office and that they can feel free to ask advice that will be helpful to them.

To Protect Boys

Many young boxers are lured by greedy and unscrupulous persons who want to represent them as their managers with promises of a great future. Many times these boys are not ready for the professional ranks and are overmatched. This sort of manager usually has only one idea in mind and that is to get some quick money. Quite often young boxers are overmatched, resulting in serious injuries to them physically as well as mentally.

Many boys enter the professional ranks before they are qualified and many of them should never enter the professional ranks, because of lack of ability. The life of this boy as a professional boxer is very short and when he is through, he is usually a mental and physical wreck. A boy of this type should never be permitted to enter the professional ranks. It is the object of this Commission to discourage boys of this type from continuing.

This Commission does not intend to suggest the name of a manager to a boxer, but will gladly point out the undesirable managers and advise the boxer with regard to signing the proper kind of contract. Many young boys sign long term and unreasonable contracts, due to the fact that they are unfamiliar with the contents of the contract.

There are, however, many managers and trainers who have the interest of the boy at heart as well as the sport and young boxers under the management of men of this type are properly trained and matched.

To Elevate Sport

Amateur boxing as it is now being conducted is, in many instances, unsatisfactory to this Commission and while we have made every effort to regulate it, some amateur shows are being held by persons who do not have the amateur boys' interest or future at heart, but rather their own mercenary interests and are conducting these shows for commercial purposes only. These persons do not always provide the necessary medical examination or protection, proper equipment, handling or environment for the amateur boys boxing at their shows, thereby often subjecting them to great dangers.

The law as it now stands is misleading in this regard, although an opinion has been received by us from the Attorney General which will enable the Commission to prosecute the offenders in some cases. New legislation, however, is needed to improve these conditions and we are hopeful that the matter can be taken care of at the next session of the legislature.

We believe that this Commission can elevate the standard of boxing in this state if the young inexperienced boy will come to this office for advice before entering the professional ranks or signing contracts with managers, and we will certainly appreciate very much any publicity that you can give this matter, as it will place our new department before the boys at once, who are in need of our help.

Any boxer that can not visit the office of the Commission personally, may feel free to communicate with us and will receive the same attention and service that would be granted him were he to make a personal call.

Watching the Big Scoreboard

(By the Associated Press)

The siege gun of the New York Yankees' dread attack has found the range. That long distance artilleryman, Babe Ruth, propelled two balls into the Yankee Stadium bleachers yesterday as the champions subdued the Senators of Washington, 4 to 9.

Those two drives gave him his second and third home runs of the season and put him three games ahead of the schedule he followed last year when he hit 60 circuit drives to establish a new record.

Babe Pennock shut out the Senators with three hits. A double by Lisenbee got into the hit column chiefly because Ruth, playing in close, slipped in the wet grass as he ran out to make the catch.

The Cleveland Indians dropped into a tie with the Yankees for first place in the American League when they bowed to the Browns at St. Louis, 6 to 2. Jack Osgood held the Indians safe, while his teammates kicked in with hits when they meant runs. Lou Bunning hit a homer with one on.

The Philadelphia Athletics romped away with an 11 to 6 victory over the Boston Red Sox at Philadelphia. Joe Hauser hit two home runs, and Mickey Cochrane got one.

Speaker collected two doubles and a pair of singles.

The Chicago White Sox went 10 innings to score over the Tigers at Detroit, 5 to 4. Falk's sacrifice scored Metzler with the winning run. Al Thomas, White Sox pitcher, allowed 15 hits, six of them doubles.

Jess Petty, the Brooklyn Dodgers' crack left hander, registered his first triumph of the season when the Robins buried the Philadelphia Nationals under a 12 to 7 count at Ebbets Field. Leach hit a homer with two on in the first.

The Chicago Cubs vanquished Pittsburgh, 7 to 2, at Wrigley Field. Sheriff Blake recording his third victory of the year. The Corsairs stopped Blake's scoreless inning record at 17 straight frames. Hartnett and Stephenson of the Cubs got homers.

With Alexander pitching, the St. Louis Cardinals had no difficulty overcoming the Reds at Cincinnati, 7 to 2.

The Giants and Braves again were rained out at Boston.

City Bowling League Scores

At the Pastime Bowling Alleys last night Dixon Fruit Company defeated Ambro two out of three games. Hubbell got high score for three games with 561. Poole got high single game with 206. Sterling took two out of three games from Dixon. K. C. Forster got high score for three games with 622, which is also high for tournament, and he also got high single game with 222.

"A GOOD CIGAR FOR 5c—WHAT?"

Here's a cigar which knocks all doubt sky-high

You've often been fooled on 5c cigars, we admit. We don't blame you if you're "from Missouri"; that's the kind of men we're shooting to.

Risk just one more nickel—try a Havana Ribbon. You may get the idea that this is a higher priced cigar cut to five cents for some dark purpose. But there's no catch in it at all. Havana Ribbon is simply an example of what really can be put into a nickel cigar by sincere manufacture and huge production: Ripe, long-filler tobacco—cured, aged, mellowed and skilfully put together (no bitter under-ripe nor flat over-ripe leaves). Smoke so sweet, cool, mild and full-flavored, you'll scarcely believe it possible in a 5c cigar.

No question about it, Havana Ribbon is the world's greatest five-cent smoke. Shoot one buffalo coin and see. At cigar counters everywhere. Also sold in Practical Pocket Pouches of five cigars.

Send us \$1.00 and you will receive one of our \$1000 accident insurance policies. State name and age. Call No. 3 for further information.

LOCKHART, AUTO RACER, IS KILLED AT DAYTONA, FLA.

Daytona Beach, Fla., April 25—(AP)—Frank Lockhart, noted automobile racer was killed almost instantly here today when he lost control of his machine while racing down the beach at more than 200 miles an hour.
He seems to get a big kick out of it," said Dempsey referring to Tunney's appearance as a lecturer on Shakespeare before a Yale class. "It's all right if it helps his racket sales."
Asked if he read Shakespeare, Dempsey replied: "I never had the pleasure."
Lockhart had made three fast trips in his Stutz Blackhawk Special and was approaching the grandstand on the fourth when his car appeared to hit a soft spot in the sand. It turned endwise several times, leaped high into the air and made several barrel rolls before landing. Lockhart was thrown out face downward upon the sand.
He was breathing heavily and bleeding profusely from the mouth and about the head when spectators got to him.
Physicians at the hospital where he was taken said he probably died a few minutes after being thrown from the car.
On his first run Lockhart had been clocked at 147 miles an hour. The return trip was made at a speed of 193 miles, starting south on the beach again the machine's speed was timed at 203.45 miles.
On the final trip it was apparent that he was making more than 200 miles an hour when the racer went out of control about 500 yards south of the beginning of the mile stretch directly in front of the grand stand.
Lockhart's machine was demolished.

Brotherly Love, A Girl—Tragedy

When Jesse McHugh, war veteran (lower), announced his engagement to Marie Terwilliger (right), telephone operator, Wallkill, N. Y., approved the match. But not so Harry McHugh (upper), local postmaster and Jesse's older brother, who was obsessed with the idea that no girl was worthy of Jesse. With a .45 automatic, Harry shot and slew the girl as she sat at her switchboard in the Terwilliger home above the Wallkill postoffice (below). Then, as state troopers closed in on him two days later, he turned the gun upon himself.

Washington Beauty is Wed

The beautiful Charlotte Hanna, daughter of Mrs. Stuart Hanna and granddaughter of the late Mark Hanna of Cleveland, recently became the bride of Richard Hume of Washington. The couple are now making their home in the national capital.

Hickman, the Sheik, is Gone

A prison haircut and prison clothes have left William Edward Hickman little of the dapper appearance in which he took so much pride during his two trials for murder. Below is a photo of "the Fox" when he was basking in the wide notoriety of his two crimes — the murder of Marian Parker and the killing in which a man was killed.

AIRPORT IN MOUNTAINS NEEDS GREATER SPACE

Denver, Colo. —(AP)—Because a thin atmosphere makes landing and hopping off more difficult for aviators, the highest airport in the United States is to be enlarged.

Lowry Field, a seven mile above sea level, soon is to cover an area of 640 acres. It now contains about 151 acre.

Maj. Bruce Kistler, commandant of the national guard air units stationed at the field, says an airplane needs about 40 percent more space for getting off or landing at Denver than it

requires at sea level, because greater speed is essential to lift a machine in rare atmosphere. A five-passenger Fokker owned by a Denver oil man can settle to earth at 45 miles an hour at sea shore, but it lands at 50 miles an hour Lowry Field.

The Fokker gets its wheels off the ground in ten seconds in the mountain atmosphere, but it can do it in four and one-half seconds at sea level.
